GUARANTEED LEVEL TERM

10-,15-, 20- and 30-Year Level Term

Guaranteed Level Term (GLT) offers:

- Competitive Pricing
- Excellent Value
- Real Choices and Guarantees for Your Clients

HELP YOUR CLIENTS BUILD FINANCIAL FREEDOM WITH METLIFE

GLT is protection your clients can count on to help them achieve their goals. Offering versatility in pricing, underwriting and available riders, GLT can offer affordable insurance designed to deliver financial protection when it's needed most.

GLT CAN ADDRESS A WIDE RANGE OF CLIENT NEEDS

You can tailor GLT to suit your client's particular situation and needs. Choose from four coverage durations with 10-, 15-, 20- and 30-year¹ level premium periods in four nonsmoker underwriting classes (three above Standard), and two smoker classes, in addition to substandard and flat extras. Premiums are guaranteed level for the full premium period of coverage, increasing annually thereafter until the insured's age 95.

For extra protection, optional riders are available, including two types of disability waiver of premium and the Acceleration of Death Benefit Rider.² GLT also provides the opportunity to convert the insurance to one of MetLife's permanent lifetime policies. Converting a MetLife term policy into a permanent policy allows the client to keep the original rating class that was used for their term policy.

Guaranteed Level Term is issued by MetLife Investors USA Insurance Company and in New York only by Metropolitan Life Insurance Company.

Premiums may be paid in annual, semiannual, quarterly or monthly automatic withdrawal modes. Annual premiums are calculated using the following formula:

Base Policy Premium (including table ratings) + Flat Extra Premium + Rider Premium + Policy Fee

To calculate modal premiums, multiply the modal factor by each part of the premium.

Modal	Factor
Semiannual	0.53
Quarterly	0.27
Monthly Automatic	
Withdrawal	0.09

Please note that total annual premiums are higher when paid in a mode other than annual.

CONVERSION PRIVILEGE

For issue ages less than 65, the policy is convertible until the earlier of the end of the initial term period and the policy anniversary at the insured's attained age 70. For issue ages 65 and over, the policy is convertible for the first five policy years. Conversion can be made to MetLife enterprise permanent life products that are offered at the time of conversion. There are no conversion credits.

FACE DECREASES

Face decreases are only allowed after the first policy year.

RIDERS

NOTE: Not all riders are available in all states. Check state availability.

Non-Convertible Disability Waiver of Premium (DW)

This rider waives all premiums on the base policy if the insured becomes totally disabled without interruption for at least six months. If the disability starts before the policy anniversary when the insured is age 60 and the disability continues without interruption to age 65, all future premiums are waived. If the disability starts on or after the policy anniversary when the insured is age 60, but before the age 65 policy anniversary, the premiums are waived for three years or to the age 65 policy anniversary, whichever is later. The DW has a three-year "regular occupation" definition of disability and an "any occupation for which reasonably fitted" definition after three years. Issue age for the DW rider is 18-59. Maximum aggregated amount is \$5,000,000. See applicable rider rate table for charges.

Convertible Disability Waiver of Premium (CDW)

Under this rider, when a GLT policy is converted to a new permanent policy, the new policy can include a DW rider without evidence of insurability provided a CDW rider is in force on the term policy at that time and that a DW rider is available on the new policy for the attained age and face amount being converted. If premiums on the policy are being waived by CDW at the time of conversion, or have been waived by CDW within the last two years prior to the conversion, the new policy must be a whole life policy issued by Metropolitan Life Insurance Company, MetLife Investors USA Insurance Company or a designated affiliate. See applicable rider rate table for charges.

Acceleration of Death Benefit Rider (ADBR)⁴

This rider provides a benefit to the policy owner if the insured is certified as terminally ill with no more than 12 months (24 months in some states) remaining to live. The rider gives the policy owner the right to request all or part of the eligible proceeds (but never less than \$20,000 or more than the greater of 10 percent of the eligible proceeds and \$250,000). There is no premium for this rider while it is in force, but accelerated payments are reduced by a discount factor and a \$150 administrative fee. If a partial acceleration is elected, the remaining reduced policy must have a face amount of at least \$100,000. ADR can be added after policy issue upon state availability. Not available in all states. Check current information for state approvals.

SALES PROPOSALS

Proposals are available in the illustration software. However, these are not "illustrations" because the product is fully guaranteed. Therefore, the quotes do not include a signature page and are not required to issue a policy.

⁴ Any benefits received under this rider may adversely affect the recipient's eligibility for public assistance programs; and the benefits received under this rider may be taxable.
